The Ministry of Education is proposing an enrolment scheme for Henderson School, which will be in effect for the beginning of term 2 in 2023. What does this mean for my family?

If you live in enrolment scheme home area for Henderson School, you will be entitled to enrol your child at the school. This entitlement applies to new students starting school, as well as any primary school aged children currently attending another school in the area.

Families who live outside the enrolment scheme home zone of Henderson School do not have entitlement to enrol and could only attend if the Board of Trustees planned to enrol any out of zone students. The enrolment scheme will establish the process for this, and places will only be available if the Board of Trustees considers it has the capacity to allow for this. Further information about whether any out of zone places will be made available will be made later in 2022.
